DEEDS ON THE EDMONDS ELEMENTARY SCHOOL SITE

The City Council has set the zoning of the Elementary School site on the January 12 Planning Commission Agenda. The Council has requested the City Staff to investigate the deeds to that property to determine whether any were donated for school purposes only.

In compliance with this directive, I am hereby requesting copies of all deeds and/or dedications on the Edmonds Elementary School site.

Thank you.

Joe: There are some 20 different documents for this site on file in the Business Office. I would suggest you come take a look & see if you really need copies. Bob
